

Dear Colleagues,

As the days shorten and Winter approaches, I wanted to let you know about the wide variety of management courses that we have to offer. Using a flexible delivery model, those leaders in your organisation can easily upskill whilst balancing family and work commitments.

We are the only provider who is creating and delivering practical courses with sector-specific content and with tutors who possess real world experience in our sector, which creates a unique learning environment for every student.

Leadership courses scheduled for Winter.

Click each link for more information.

The following two modules make up our **Fast Track Management** course which is QQI accredited and the perfect qualification (and recognised by HIQA) for PIC roles or similar.

[Cert in Managing Service Quality & Safeguarding](#)

- starts November 13th for 6 weeks. Only one workshop day via Zoom and the rest of the course is studied through online learning.

[Cert in Key Management Skills](#)

- starts January 2nd for 6 weeks. Only one workshop day via Zoom and the rest of the course is studied through online learning.

If you wish to commit to a career in management with our longer 6-module management course (which includes the two modules mentioned above), you can apply by October 18th for our popular 9-month course:

[Certificate in Applied Management.](#)

It is completely delivered online with attendance at only 6 workshop days (via Zoom) and the rest of the learning delivered through our online support platform.

Might you, or one of your team, wish to study at Honours level? Maybe you wish to earn a progression qualification that can help to spring you towards a masters course? Or maybe you just wish to enhance your practitioner skills within your disability service?

We have a 9-month, level 8 course on offer which can be studied through our blended learning option which combines face to face workshops in Dublin, with our award winning online learning platform. The course incorporates management modules and is offered to people working in a disability service:

[Honours BA in Applied Social Studies \(Disability Services Management\)](#)

The official application deadline has passed but we can still make time for you, our subscribers to the OTC Times, if you or a colleague is interested at this stage. Please call me on 086-0756580.

The OTC is of the sector, for the sector!

Best wishes,
Conor
